Making plans for your future?

Planning for your future can feel like a challenge and sometimes your long-term goals can suddenly change.

Perhaps you have a place on a college course or an apprenticeship lined up and have realised that it isn't for you, or maybe you have just completed your school education but are struggling to find work or make a decision on what to do next.

Our team of Personal Advisers can support you with researching your options, making decisions and even suggesting new possibilities that you might not have thought of.

Not in education, training or employment?

Through the **Pathways to Success** programme our Personal Advisers can support you on a one-to-one basis to identify your skills and interests, work on your CV, find work experience, practise your interview skills, and boost your employability. Contact us today to find out more!

Where can you get support?

Our qualified Personal Advisers are available for face-to-face, email or virtual support. Some schools and colleges in North Herts may have their own Personal Adviser who comes in once a week, but you can make an appointment by email or over the phone if not.

What have other young people said about our careers support?

"SfYP inspired me to go to college and helped me get a place and the support I needed."
