

Hertfordshire
**Family Centre
Service**

Parent Café

Are you new to the Family Centre Service, or have followed us for some time & would like to learn more about what our service can offer you?

Our Parent Cafés are aimed at families who are expecting a baby or have children under two years old.

These sessions will give families the opportunity to meet some of the team and other local families, plus include information, advice and guidance from our community partners, workshops and play activities.

Each family will receive an introduction pack.

No booking required, just turn up.
