

About our service

Barnardo's Ubuntu Project is here to support children, young people, and families seeking sanctuary in the UK.

We use this term as we support regardless of the path taken to seek protection, including those seeking refuge and those claiming asylum.

FAMILY SUPPORT

We deliver a range of family provisions across Hertfordshire and beyond. We can help with:

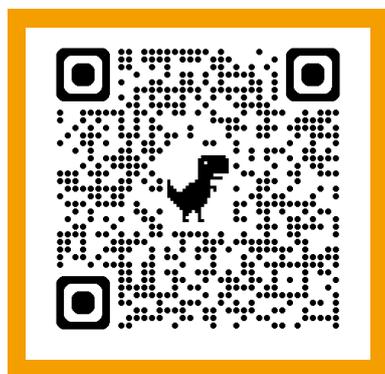

- Group Sessions**
- One-to-One Support**
- Signposting and Referrals**
- Parenting Programmes**
- Child Development**
- Access to Education**
- Moving-On Support**

YOUTH VOICE NETWORK

Amplifying the voices of young people seeking sanctuary through a rights-based approach for those aged 11-17.

Guided by five core principles that shape everything we do:

- CONNECTION**
- COMPASSION**
- CONFIDENCE BUILDING**
- CHALLENGING**
- CHANGE MAKING**
